Question No-38:

//Program to find the following date

#include<stdio.h>

int main()

{

   int date,month,year,fd;//fd=following date

   date=month=year=0;

   printf("Enter date,month and year : ");

   scanf("%d%d%d",&date,&month,&year);

   fd=date+1;

   printf("\"Date following %d:%d:%d is %d:%d:%d\"",date,month,year,fd,month,year);

   return 0;

}
